

## BULIDING SAFETY CERTIFICATE

I do hereby certify that the construction work of "INDUS VALLEY PUBLIC SCHOOL" situated at Village Dongra Ahir, Tehsil & District Mohindergarh (Haryana) has been completed in accordance with the sanctioned plan. That the workmanship & the whole of the materials used are good.

I found that the building is permanently built with first class, specification of materials i.e 1<sup>st</sup> class Bricks in cement, sand martal R.C.C. roff cement concrete with marble & kota stones. Flooring, country wood doors and windows, conduct electric wiring all under ground, sanitary services connected with septic tank. Cement sand plaster in side & our sides & ceiling, paint & distempering inside & out sides. The building doors & windows duly painted with standard paint.

So, I can safely drive that the building have a good structural soundness.

I, further certify that the above said building is earth quake resistant and fire safety norms have been strictly followed. In the way the building is totally safe from all sides for school.
